

Requesting quotes for small renovation project at the US Embassy, Copenhagen

As of Monday 31 August 2015, the U.S. Embassy seeks to do a small renovation project at the US Embassy building. Offers are due by September 10, 2015 at 10am.

Scope of Work encompasses:

Demolition and removal of one, non-bearing, interior wall (length: 4 meters).

Demolition and removal of a 4 meter section of a non-bearing interior wall. Trim and finish work along edge of the remaining portion of the wall.

Relocation of existing electrical and data drops, as well as the addition of 10 electrical outlets.

Purchase, delivery and installation of three new light fixtures in the hung ceiling (to replace the three existing fluorescent light fixtures):

Switch Made LED light fixtures (www.switch-made.com)
600x600, Blanc, 3000K.

Construction of one interior wall in new location. Standard, sheet-rock, light construction. Total wall length: 5.5 meters.

Removal and disposal of 71 m² wall-to-wall (loose) carpet.

Purchase and installation of new carpet tiles to match the existing carpet in the adjacent areas:

Milliken (Mat. ID: 4000131784)
Collection: Nordic Stories – Europe
Design Name: Tectonic
Colour Name: TTC108 – 13 Fjord
Total floor area of new carpet: 71 m².

Purchase and Installation of new hung ceiling system to be aligned and match existing ceiling in the adjacent areas:

Gyproc (4820163)
Quick-Lock T 15/38 RE
60 x 1200mm, White
With standard white, acoustical, 60 x 60 ceiling tiles.

Full painting of walls in three offices. Total wall length: 34 meters.

Addition of a "kitchenette" along one wall, 2.4 meters in length, to consist of: space for a standard 60 x 60 refrigerator (not to be included in offer), 1.7 meters countertop with lower cabinets and over-the-counter cabinets (large enough to fit a small microwave in).
